COFFEE SALES ANALYSIS DASHBOARD

Overview

The Coffee Sales Analysis Dashboard evaluates coffee sales performance, customer purchasing behavior, loyalty program effectiveness, and product trends across countries and years.

KPIs

1. **Total Sales**: Total revenue generated from coffee sales.
2. **Total Orders:** Total number of customer orders.
3. **Average Order Value (AOV):** Average revenue generated per order.
4. **Unique Customers:** Total number of individual customers.

Chart Analysis

1. **Top 5 Customers by Sales:** Ranks customers based on total spending.

Key Insight: A small group of customers contributes significantly to overall sales.

Business Meaning: High value customers play a critical role in revenue generation.

2. Coffee Type with Best Performance: Compares revenue generated by coffee types.

Key Insight: Excelsa generated the highest revenue.

Business Meaning: Certain coffee varieties significantly outperform others.

3. Country with Most Total Coffee Sales: Compares sales across countries.

Key Insight: The United States generates the highest coffee sales.

Business Meaning: The U.S. is the company's strongest market.

4. Total Sales per Year: Shows annual sales trends.

Key Insight: Sales increased steadily before declining in the most recent year.

Business Meaning: Recent performance should be investigated to identify causes of decline.

5. Total Number of Orders per Year: Tracks yearly order volume.

Key Insight: Orders peaked in 2021.

Business Meaning: Customer demand was strongest during this period.

6. Coffee Sales Over Time by Type: Tracks performance of coffee varieties over time.

Key Insight: Different coffee types display distinct seasonal sales patterns.

Business Meaning: Product demand varies over time and should inform inventory planning.

7. Loyalty Card Customer Spend per Time: Compares spending behavior of loyalty card holders.

Key Insight: Loyalty card customers consistently generate significant revenue.

Business Meaning: The loyalty program positively influences customer spending.

Slicer Functions

- Loyalty Card Status
